**Sexual Health/Healthy Relationships**

<b>CAMPUS/COMMUNITY RECOMMENDATIONS</b>	<b>RESOURCES &amp; SUPPORT NEEDED/AVAILABLE</b>	<b>POTENTIAL BARRIERS OR RESISTANCE</b>	<b>POTENTIAL DEPARTMENT FOR IMPLEMENTATION</b>
New or modified program, practice, or policy	Financial, personnel, space, political and other resources needed or available	Individuals or organizations that might resist; limitations in resources	Department that could potentially be responsible for implementing or coordinating the change
Develop a creative program to give students skills and confidence in asking about their partner's past relationships and previous sexual history	Train individuals to appropriately answer questions; Funds to pay the speaker	Student apathy or lack of time	Peer Health Educators; Student Health Services; GAMMA
Create an educational campus-wide program to provide information on sexually transmitted infections, contraception, and to enhance students' verbal communication on boundary-setting for sexual contact	Funding for supplies; advertising; UDK coverage	UDK may not be interested in covering the story; Student apathy or lack of time	Peer Health Educators; Student Health Services; GAMMA
Promote the Women's Transitional Care Services (WTCS) and Rape Victim Survivor Services (RVSS) to remove stigma and increase use for survivors of sexual assault needing assistance	Time dedicated to developing the relationships	Time constraints	Emily Taylor Women's Resource Center
Make the Sexual Assault Coordinator a full-time staff position to provide more continuity between semesters & awareness about the issues (This is currently a student hourly paid position)	Funding for a full-time staff member	Tight resources; lack of data to defend program necessity	Emily Taylor Women's Resource Center; Office of the Vice Provost for Student Success; Student Senate
Change the Men's Outreach Coordinator position in the Emily Taylor Women's Resource Center from an undergraduate to a graduate position or internship	Funding for a part-time graduate staff member	Tight resources; lack of data to defend program necessity	Emily Taylor Women's Resource Center; Office of the Vice Provost for Student Success; Student Senate
Provide additional sections of Human Sexuality courses (The current courses often exceed enrollment capacity. Course has the capacity to reach large student population over an entire semester)	Additional professors to teach the course; Funding	Human Sexuality courses taking students away from other course offerings; finding qualified faculty members	Department of Health Sports and Exercise Sciences; Social Welfare; Registrar's Office/Enrollment Center; Office of the Vice Provost for Student Success

<b>CAMPUS/COMMUNITY RECOMMENDATIONS</b>	<b>RESOURCES &amp; SUPPORT NEEDED/AVAILABLE</b>	<b>POTENTIAL BARRIERS OR RESISTANCE</b>	<b>POTENTIAL DEPARTMENT FOR IMPLEMENTATION</b>
New or modified program, practice, or policy	Financial, personnel, space, political and other resources needed or available	Individuals or organizations that might resist; limitations in resources	Department that could potentially be responsible for implementing or coordinating the change
Create and administer a sexual health survey to get a baseline on prevalence of behaviors and to develop future campus-wide interventions	Funding	Time Constraints; resident attendance at hall meetings	Office of Fraternity & Sorority Life; Department of Student Housing
Incorporate sexual health/healthy relationship programs into Hawk Week activities	Funds; staff support	Potential for low turnout at a day program during Hawk Week	Student Health Services; Hawk Week Coordinator; GAMMA
Develop a condom education and distribution program on campus, and educate students on sexually transmitted infections not prevented by condom use and on the benefits of abstinence	Funding; space; process for distribution	Lack of funding; abuse of availability	Student Health Services; Department of Student Housing; Campus offices/departments; Douglas County AIDS Project
Create procedures for availability and use of date rape drug testing at local health/medical facilities	Funding for tests	Lack of funding	Student Health Services; Wellness Educator; Lawrence Memorial Hospital
Strengthen university policies on investigating and instituting penalties against perpetrators of sexual assault	Support from administration	Potential for false allegations; what public safety is authorized to do by law	KU Public Safety; Office of the Vice Provost for Student Success; Emily Taylor Women's Resource Center
Secure funding for Peer Health Educators to ensure high-quality programming and marketing	Funds; training materials; recruitment of students; marketing of Peer Health Educator services	Recruiting enough peer educators; Not being able to provide students with enough compensation to encourage participation	Student Health Services; Office of the Vice Provost for Student Success; Student Senate
Educate University staff members on the response plan for victims of sexual assault, issues of sexual harassment, and available campus and community resources	Time and forums to publicize the plan and to educate staff members	Not reaching everyone who may need the information; not giving enough training options; employees not reading, using or understanding the plan	Emily Taylor Women's Resource Center; Student Success Staff Development Committee; Human Resources
Develop a media campaign that shares accurate information about students' sexual behaviors, sexual assault, and sexual health protective behaviors	Web design support; Printing Services; Funds; Faculty support		Student Health Services; Watkins
